“A holistic approach to outdoor education that nurtures both individuals and the planet.”

At Ufton Court, our Outdoor Learning programmes are designed to engage children around four core principles:

Personal Development

Building confidence and developing critical thinking, creativity problem-solving, resilience and leadership skills through immersive outdoor experiences.

Education & Learning

Hands-on, experiential education that complements the national curriculum, sparks curiosity and discovery and fosters a deeper understanding of subjects.

Health & Wellbeing

Promoting the benefits of nature and spending time outdoors on physical, mental and emotional health, advocating a balanced and holistic approach to wellbeing.

Environmental Stewardship

Instilling a sense of responsibility and respect for the natural world and inspiring children to actively engage in conservation and environmental sustainability.

Choose from...

Woodland Discovery: EYFS & KS1

Step into the enchanting world of Woodland Discovery, where young adventurers are invited to explore, discover, and connect with nature.

This hands-on programme encourages children to use their senses as they wander through the woods, feel the textures of trees, listen to the rustling leaves, and spot the hidden wonders of the forest.

Through guided activities, children will build a deeper appreciation for the natural world, nurturing curiosity and sparking a lifelong love for the environment.

Outdoor Challenge: KS1 & KS2

This programme encourages individuals to:

- **Feel something**— the thrill of overcoming fear, the pride in conquering a tough challenge or the resilience demonstrated in the face of discomfort.
- **Build something**— creating something meaningful together with a team, fostering collaboration, communication and leadership skills.
- **Try something new**— children are encouraged to step out of their comfort zones and embrace new experiences with courage and curiosity.

With a range of activities, from Tripod Swing and Bridge Challenge to Low Ropes, Plank Walk and more, trips can be personalised for your group.

Still Water Rafting: KS2

April-October bookings only

Build, bond, board! In this exciting hands-on adventure, students will come together to design and build their very own raft using teamwork, creativity and problem-solving skills.

Set on the calm waters of our serene pond, this activity challenges participants to think critically and collaborate effectively to construct a raft sturdy enough to carry them across the water. Once built, the real test begins—students will take to the pond and put their creation to the test! Will it float or sink?

This programme promotes leadership, communication and resilience, all while giving students a chance to bond, explore and have fun in the great outdoors!

Bushcraft Adventures: KS2 & KS3

Children will discover the thrill of being in harmony with nature with Bushcraft Adventures. This hands-on programme equips young explorers with essential bushcraft skills, from building shelters and starting fires to foraging for food and navigating using nature.

Guided by expert instructors, children will develop resilience, teamwork, and a deeper connection to the natural world. Whether crafting tools from the environment or mastering outdoor cooking, Bushcraft Adventures offers an unforgettable experience that blends adventure with practical life skills.

Coming soon...

We're excited to introduce two new KS1 and KS2 curriculum-linked Ufton Outdoors programmes for Spring and Summer 2025!

Navigators | Spring 2025 **Map & Compass Skills**

Project Bees | Summer 2025 **A Journey into Habitats & Sustainability**

Childhood is short

If more children could learn our way, we could turn the tide on the 10-year decline in children's happiness.
